

Dan Random Celebrates 10th Album Release with Genre-Bending Single “AI (A Love Song)”

New album “STILL” blends coastal summer vibes with philosophical reflections on technology

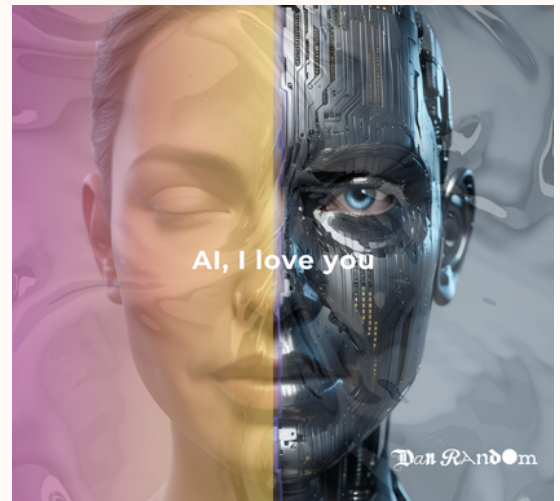

Darien, GA – May 5, 2025 – Georgia-based musician, author, and producer **Dan Random** marks a major milestone with the release of his **10th studio album, STILL** – a vibrant and introspective record capturing both the calm of coastal life and the tension of our digital future. Leading the release is the standout single, **“AI (A Love Song),”** a cautionary tale about the emotional power of artificial intelligence and humanity’s struggle to understand its potential. The track is now available to stream on [YouTube](#).

“AI” is a modern love song with a warning. We’re handing more and more of ourselves over to technology without knowing where it’s taking us,” says Dan.

About Dan Random

Dan Random (aka Daniel Cowan) is an independent musician, singer, composer, producer, and author with ten albums and over 100 original compositions to his name. Known for his genre-blending style and thought-provoking concepts, Dan creates immersive experiences that span music, literature, and film.

Now based in Darien, Dan found inspiration in the natural beauty and peaceful rhythm of the Georgia coast. Tracks like *Drift Away* and *Sunny Sunday* channel the spirit of summer, blending thoughtful lyrics with melodic, sun-drenched production.

The album is now available on [Spotify](#) and [Bandcamp](#), where fans can purchase the CD directly.

In addition to his musical output, Dan continues to explore cross-media storytelling. He is re-releasing his sci-fi novel, complete with a self-composed soundtrack that expands the imaginative universe behind his songs.

Fans can catch Dan live on **May 17th at 7:00 p.m. at The Studio, 111 Walton Street, Downtown Darien**, for an intimate album celebration performance.
